REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Claims 1-5, 7 & 9-21 have been examined. Of these claim 1, 14 & 16 are independent claims. Claim 1 encompasses a composition comprising a binder, a coalescent agent, additives (as optional ingredient), fillers, pigments etc. At least 20% of the film forming agent is formed by either a glycidyl ether or a glycidyl ester having specific structural formulae I & II. The ether or the ester contains only one glycidyl group in its formula. Claims 14 and 16 encompass a method in which the same composition is used.

Prior art includes Corcoran (US 4816500) as the primary reference which discloses a composition of a coating. The composition contains a binder. The binder has one part with a glycidyl component. However this glycidyl component has at least two glycidyl groups in its structure. However instant claims exclude all such components from their scope.

Above claims are therefore deemed to be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 1711

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Umakant K. Rajguru whose telephone number is 571-272-1077. The examiner can normally be reached on M-F 9:30 am-6:00 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, James Seidleck can be reached on 571-272-107%. The fax phone numbers for the organization where this application or proceeding is assigned are 703-872-9306.
